[Print](#) | [Close](#)

New Nissan LEAF SIMPLY AMAZING

A powerful step forward for the world's best-selling electric vehicle. Get ready for a whole new way to drive, where the everyday is exhilarating. Feel more confident, excited, and connected – wherever you go. All in a car that does simple things amazingly.

[Exterior design](#) | [Interior design](#) | [Technology & Performance](#) | [Style & Accessories](#)

[Page 1](#) | [Page 2](#)

[Print](#) | [Close](#)

Go Everywhere

Access to zero emissions zones means nowhere is off limits.

Go Further

Combining 378 km* range with the largest Quick Charging network, the world just got smaller.

Go with everything you need

Featuring 5 seats, a 435 litre boot and a bold, new aerodynamic design, the Nissan LEAF gets you there with stylish efficiency.

*NEDC (New European driving cycle). Pending final homologation.
Driving range assumption in moderate driving conditions. Various factors can affect driving range including style, road conditions, outside temperature, air conditioning.

FIND MORE THRILLS
with instant power at take-off
and intelligent driving technologies
for a smooth, exhilarating ride.

FEEL MORE CONFIDENT
with Nissan ProPILOT to support you.
It steps in whenever you need it and
helps make you a better driver too.

FEEL IN CONTROL
with the Nissan e-Pedal. Yes! You only need
one pedal to accelerate, decelerate and brake
in the Nissan LEAF.

BE MORE CONNECTED
thanks to NissanConnect EV and the
new arrival of Apple Carplay and Android
Auto (Depending on markets).

SEE AND SENSE MORE
with Around View Monitor and smart
technologies like Rear Cross Traffic Alert, Blind
Spot Warning and Traffic Sign Recognition.

Prepare your senses

With Nissan Intelligent Mobility, you're connected to your
LEAF like never before. See more around you, sense more,
and do everything with more confidence. This is what
driving was always supposed to be.

*Features vary by grade

Have a blast at the drop of e-Pedal

It's a completely new way to drive, and a whole lot of fun. Imagine having the option to drive with one pedal. Just press down for an instant rush and ease off to slow down. It can even hold the vehicle on a hill without ever touching the brake. Of course, going back to driving with two pedals is as easy as flipping a switch, but where's the fun in that?

NISSAN INTELLIGENT MOBILITY

e-Pedal. Speed up, slow down and brake with just the accelerator pedal, making for a simple and easy drive.

Feel free
to enjoy the ride

NISSAN INTELLIGENT MOBILITY

CAN EVEN
COME TO A
COMPLETE STOP

MAINTAINS YOUR
PRESENT SPEED AND
DISTANCE

KEEPS AN EYE ON
THE FLOW OF TRAFFIC

NISSAN ProPILOT. Get assistance whenever you need it. Nissan ProPILOT follows the car ahead at a pre-set distance, keeps you centred in your lane. ProPILOT can even bring your LEAF to a full stop and hold it there in annoying traffic jams, which also frees your mind. It turns your typical morning commute into a great way to start the day.

*Features vary by grade

So smart it can step in when you need it most

You may not even know why traffic suddenly slows down. But **Intelligent Emergency Braking** with Pedestrian Detection is keeping an eye out and ready to apply the brakes. Of course, that's not the only way LEAF can step in to help keep you out of trouble.

*Features vary by grade

Imagine driving with a suite of Nissan Intelligent Mobility features backing you up that includes:

ProPILOT:
it keeps an eye on the flow of traffic to maintain your pre-set speed and distance and keep you centred. It will even warn you if you start drifting out of lane and can bring you to a complete stop in traffic jams.

ProPILOT Park:
no hands, no feet, just an easier way to park using only one finger. This Nissan Intelligent Mobility feature is so advanced, it turns parking into a spectator sport.

INTELLIGENT CRUISE CONTROL:
watches the flow of traffic to take the tedium out of highway driving.

INTELLIGENT LANE INTERVENTION:
helps keep you where you want to be. It taps the brakes to help gently guide you back if it detects that you're unintentionally straying out of your lane for too long.

INTELLIGENT AUTO HEADLIGHTS with full LED:
headlamps light your way by automatically turning on when it gets dark and dip temporarily when an oncoming vehicle is detected.

BLIND SPOT WARNING:
change lanes with confidence. This feature keeps an eye on the blind spot area and gives you a heads-up if it detects a vehicle hiding there.

Parallel Parking. Find a winning spot? Just pull ahead of it, hold a button and watch LEAF make easy work out of even tough parallel parking situations.

Bay Parking. Pull up to an open space, hold a button, and spend a moment in amazement while LEAF parks perfectly between the lines.

NISSAN INTELLIGENT MOBILITY

Let go, and watch your LEAF park perfectly

ProPILOT Park No hands, no feet, just an easier way to park. That's what you'll experience with a Nissan Intelligent Mobility feature so advanced, it turns parking into a spectator sport. Just pull up to a parallel or bay spot, hold the button, and get to something more important, like contemplating how parking has been changed forever.

Get a bird's-eye view of any space you want

NISSAN INTELLIGENT MOBILITY

INTELLIGENT AROUND VIEW MONITOR helps you see more around you and makes complicated manoeuvres easy. With a virtual 360° bird's-eye view of your LEAF, plus selectable split-screen close-ups of the front, rear and kerbside views, you'll slide into the tightest spots and make it look easy without ever scuffing a wheel again.

Get a little warning before you make a move

FEEL MORE AROUND YOU Even if you can't see that car sneaking up on you or that child on the corner that's about to cross road, you can count on Nissan Intelligent Mobility features to take notice and give you a heads-up. Whether you're backing out of a parking spot or changing lanes on the main road, they make you more aware of your surroundings and give you a whole new level of confidence.

*Features vary by grade

INTELLIGENT AROUND VIEW MONITOR can give you a notice when it detects moving objects near your vehicle. This system increases your view of the surroundings.

REAR CROSS TRAFFIC ALERT This feature helps you back out of a space more safely. It watches around the rear of your LEAF, and can warn you about cars it detects creeping up on you from either side.

Slice through the air to greater efficiency

AERODYNAMIC
SPOILER

Plug into savings embrace the freedom

NISSAN INTELLIGENT MOBILITY

FIND OUT WHY MORE IS LESS Driving electric has more than a few unexpected benefits. Without a petrol engine, of course there are no more fill-ups, but you also do away with a lot more. There are fewer moving parts overall, which translates into less maintenance. Now you just have to decide what to do with all the extra free time.

GOODBYE PETROL ENGINE

With a 100% electric motor, say goodbye to all the check-ups and maintenance, and hello to more time on the road.

GOODBYE OIL CHANGES AND MORE

No more petrol means no more oil or oil changes. And no more transmission, spark plugs, radiator, belts, and more. Ownership costs go down. Free time goes up.

GOODBYE PETROL STATION

Forget about having to stop at the petrol station on the way to work. Now you can wake up fully charged and ready to take on the day.

HELLO INNOVATIVE BATTERY

LEAF's battery pack has been developed in-house, rigorously tested, and has an extraordinary record of reliability, meaning you can feel confident you are driving some of the best battery technology around.

It has never been easier or quicker to get moving; from plugging new LEAF to your domestic socket for an overnight charge to using the largest quick charging network. You can use the NissanConnect EV app to identify the charging point on your way.

7 KW HOME AND PUBLIC CHARGING

CHARGING TIMES
FAST HOME CHARGING: 7KW WALLBOX
FULL CHARGE IN LESS THAN 6 HOURS.*

*Home supply may need to be upgraded

Charging has never been so easy

50 KW PUBLIC QUICK CHARGING

QUICK CHARGING ON THE MOVE:
UP TO 80% IN 40 TO 60 MINUTES.*

*Time dependent on Charging conditions, including Quick Charger type and condition, battery temperature and size as well as ambient temperature at point of use

Put **every detail**
on brilliant display

Live at the forefront of technology with advanced digital information display. It lets you customise every detail of your drive, from range to power use to navigation, on a stunning, full-colour screen. This is the information age on full display.

Browse your audio system easily on the display

Turn-by-turn navigation has never been easier to follow, with every turn displayed right in front of you.

*Features vary by grade

SEAMLESS MOBILE INTEGRATION
Apple CarPlay* and Android** Auto are the safer, smarter ways to enjoy the things you love on your phone. Access music, maps, make calls, send and receive messages – all hands-free. Just plug in your phone and go.

YOUR MUSIC. YOUR WAY Use Bluetooth streaming audio or the USB input to play music directly from your smartphone.

*Apple CarPlay is a trademark of Apple Inc. Apple CarPlay device requirements: iPad2, iPhone 5 or later (lightning connector) and iOS 8.3 or later and needs to be connected via USB. Apple CarPlay availability depending on market.
**Android Auto is designed to work with Android phones running 5.0 (Lollipop) or higher and needs to be connected via USB. Android Auto availability depending on market.

A whole new level of partnership with your LEAF

With its ergonomic layout, distinctive new centre console and a floating central screen that puts your phone on centre stage, this interior was clearly designed with a more connected experience in mind. Nissan LEAF puts all the tools you need to control your car right in your pocket.

Experience

comfort at the sound of silence

What would it be to drive a fully silent car ? Try stepping inside the luxuriously quiet cabin and you'll find a new level of silence - until you turn up the Bose Premium Audio System, that is. Add comfort features such as heated seats and every drive has a chance to be amazing.

*Features vary by grade

BOSE PREMIUM AUDIO SYSTEM
Even the audio system is energy-conscious. With seven small, lightweight, and strategically placed speakers, the Bose engineers created an audio system that saves power, without sacrificing sound quality. All so you can rock out more efficiently.

Load up whatever the day demands

LEAF is ready for your next outing with an impressive amount of cargo space, a low rear cargo floor and 60/40 split rear seats that fold down easily. It all adds up to a vehicle that can handle just about anything you ask of it with a capacity of 435 litres.

*Features vary by grade

Electrify the world

At Nissan, we believe in a sustainable tomorrow, and we're convinced that it will only happen if we act now. That's why we're leading the work on electric mobility solutions to shape the smart cities and create a better future today.

NISSAN ELECTRIC VEHICLES. Join the electric revolution. Start driving the car of the future, today. Nissan's pioneering range of 100% electric cars and vans offer top class performance and cutting-edge technology, allowing you to enjoy your drive while producing zero emissions.

THE NEW NISSAN LEAF 100% ELECTRIC. The new Nissan LEAF can travel 378km* on a single quick charge and is packed with Intelligent Mobility features including ProPILOT, ProPILOT Park and e-Pedal technology.

EXPANDING CHARGING INFRASTRUCTURE. Nissan works with the EV fast charging standard CHAdeMO and has already built the most comprehensive quick charging network in Europe. Work is now in progress to create charging or "green" corridors for long-distance driving along popular routes.

*NEDC (New European driving cycle). Pending final homologation.

Ready for simply amazing?
New LEAF will lead the way

WE FOCUS ON QUALITY.

The collage features a central image of a white Nissan Leaf. Surrounding it are several smaller images: a worker in a factory, a car on a production line, a close-up of the front of a car, a steering wheel, a car battery, a car's interior, a car's exterior, and a car's interior with a 'Driving Aids' display.

At Nissan, we do everything with the customer in mind. Every action and decision we make, is made with the utmost care, precision and quality because ultimately, it's for you. From conception to car construction, from testing to transparency, from customer service to commitment. Quality is in every fine detail.

We build in quality from the outset, meticulously conceiving each car to make them more comfortable and more durable through innovative design, intelligent technology and thoughtful details inspired by you.

We work with our intelligent driving systems to constantly look out for you and help you avoid any mishaps for a bolder, more confident driving experience day after day. Our Around View Monitor uses 4 cameras to give you a virtual birds eye view of your car in its surroundings.

We push our cars to the limit to guarantee their daily performance and reliability. We travel millions of kilometres in pre-production tests, open and close doors and bonnets thousands of times a day and use real volcanic dust from Japan to test window resistance.

SERVICE PLAN

Nissan Service Plan is the easiest way to give your Nissan LEAF the maintenance it deserves while you save money in the long run. Nissan Service Plan provides a convenient and easy solution, enabling you to spread the cost of our servicing needs by making low monthly payments rather than having to pay the full amount all at once. Nissan Service Plan also ensures that your Nissan LEAF is serviced in line with manufacturer's recommendations/specifications giving you peace of mind motoring. A well maintained vehicle offers Nissan drivers safety, reliability and economy with a «FSH» (Full Service History) also protecting future residual re-sale values. Nissan Service Plan customers can also rest assured that your vehicle is maintained and serviced by qualified Nissan technicians using Genuine Nissan Parts.

EXTENDED WARRANTY

Nissan 5 Year Extended Warranty provides you with ongoing protection after the standard warranty ends. Protect your LEAF for longer with our comprehensive Extended Warranty cover to extend your cover to 5 years or 150,000 kms whichever comes first. The Nissan Extended Warranty covers the cost of repairing or replacing covered mechanical or electrical components should they break down due to warrantable defect or workmanship during the period of cover. If you sell your Nissan privately, you can transfer the cover to the new owner adding value to your vehicle when you sell. Transfers are free.

AT NISSAN, YOU BRING OUT THE BEST IN US.

You spark our imagination. You provoke our ingenuity. You inspire us to change the rules and innovate. And at Nissan, innovation is not just about additions and extensions; it's about crossing the line to reinvent the status quo. It's about developing unexpected solutions to satisfy your wildest and most pragmatic desires. At Nissan, we design cars, accessories and services that break the mould - making the practical exciting and the exciting practical to offer you a more exhilarating driving experience everyday.

NISSAN LEAF OFFERS YOU:

5-YEAR/100,000 KM WARRANTY ON ALL EV DEDICATED COMPONENTS AND 3-YEAR/100,000 KM FOR STANDARD COMPONENTS

12-YEAR ANTI-CORROSION WARRANTY
30,000 KM SERVICE INTERVAL

NISSAN LEAF LITHIUM-ION BATTERY WARRANTY ALSO PROTECTS AGAINST CAPACITY LOSS BELOW 9 BARS OF CAPACITY (OUT OF 12) AS SHOWN ON THE LEAF'S CAPACITY GAUGE.

NISSAN INTELLIGENT MOBILITY

Nissan Intelligent Mobility guides everything we do. Nissan pioneered EV and leads electric vehicle sales worldwide. Nissan has been developing cars from more driving machines into partners. Together the journey is more confident, connected, and exciting. It's cars that share the task of driving with you. It's now a reality taking shape with the NEW NISSAN LEAF, as range is not a barrier anymore.
